# sequoia tree collection

Our Sequoia Tree Collection is full of holiday staples for any scene. Choose from our classic Sequoias (pg 4), Low-Voltage Sequoias (pg 6), interactive Walk-Through Sequoias (pg 8), and animated RGB Sequoias (pg 10).

### Features

- Safest tower tree on the market
- Self-shaping branches
- Dual-tone emerald & forest green branches with tan specks
- UV-treated foliage
- Pre-lit with warm white LED mini lights
- First tower tree to be approved by Registered Structural Engineers
- Energy savings up to 90% compared to incandescent bulbs

### Electrical & Specs

- UL-approved electrical components
- 10-yr warranty on frame
- Patent No 8272754
- 120V
- More specs on pg 4

### Sizing for 30' Sequoia Tree Frame

- 5' Topper Tree
- 5' Topper Pole with 6 Special Branches, Tips Marked Red
- 6 Branches
- 2' Section A - 6 Branches
- 2' Section B - 8 Branches - 14'
- 2' Section C - 8 Branches - 16'
- 2' Section D - 12 Branches - 18'
- 2' Section E - 14 Branches - 20'
- 2' Section F - 18 Branches - 22'
- 2' Section G - 20 Branches - 24'
- 2' Section H - 24 Branches - 26'
- 2' Section I - 28 Branches - 28'
- 2' Section J - 28 Branches - 30'

Assembling  
a 75' Sequoia Tree

# NEW LOW-VOLTAGE *sequoia trees*

Our Low-Voltage Sequoia Trees put family at the forefront. These trees are lit with a 24V LED lighting system that's one of the safest in the world, making these trees perfect for theme parks, event centers, family photo ops, and anywhere kids can reach! Not too worried about little hands touching your tree? Our Low-Voltage Sequoias are also water resistant, minimize GFI outages, and our customers say these low-voltage trees shine even brighter than our traditional Sequoias!

## Features

- Safest tower tree on the market
- Self-shaping branches
- Dual-tone emerald & forest green branches with tan specks
- UV-treated foliage
- Pre-lit with 5mm warm white LED mini lights
- First tower tree to be approved by Registered Structural Engineers

## Electrical & Specs

- UL, CE, CSA approved electrical components
- IP68 rated
- Built-in active power factory corrector (PFC)
- 10-year warranty on frame
- Meets IEC energy efficient standards
- 98 lights per branch
- 300W Transformers
- 24V Output
- 100-277V Input

24V Connector

**300W 24V DC - IP64**  
LED Power Supply  
Model: APS-300-24A  
Input: 100~277V AC  
Output: 24V DC 12.5A

24V Water-Resistant Lights

T-Socket Cable

# lighting accessories

## A. Wireless Effects Controller (WEC)

- Stores pre-programmed effects to easily control your light show.
- Operates on WiFi
- Replaces the need for a Network Distribution Box (NDB)
- Controls up to 400 lights
- Over 20 stock built-in effects
- Select two (2) favorite shows with daily timer
- Select and save up to five (5) customized built-in effects
- Remembers last effect when you turn off the controller if set with the on/off tab

LBRGBP-WEC

## B. 1.5 Amp Transformer

- 12V DC
- 50-bulb capacity

LBRGB-TRN2A

## C. 5 Amp Transformer

- 12V DC
- 100-bulb capacity

LBRGB-TRN5A

## D. 37.5 Amp Transformer

- 12V DC
- 960-bulb capacity

LBRGB-TRN37.5A

## E. Basic T Connector

- Delivers power from WEC to light strands
- Used to connect additional lighting

LBRGBP-TWAY12

## F. Power T Connector

- Helps power WEC
- Extends the maximum capacity of your display
- Injects power after 75-100 lights

LBRGBP-POWER T

## G. Smart T Connector

- Extends the maximum capacity of your display
- Connects multiple light strands to a single output

LBRGBP-SMTWAY12

## H. Raspberry Pi Assembly

- This assembly connects to your Network Distribution Box and delivers data to your RGB lights
- Connects to speakers for music-coordinated displays
- We program this kit with all of your custom light displays so you don't have to worry about the technical aspects of your light show.

## I. Network Distribution Box (NDB) Assembly

- Manages and distributes RGB software to your lights
- Handles displays up to 16 ports
- Large RGB displays typically require multiple NDBs
- All RGB products that require an NDB will come with all necessary equipment

LBRGBP-NDB

## J. Spacer Cable

- Used to lengthen display connections
- Three-wire cables

6'

LBRGBP-SPCBL6

12'

LBRGBP-SPCBL12

18'

LBRGBP-SPCBL18

# warranty information

## WARRANTY

We warranty to the original buyer that all of our displays and accessories are free from manufacturer's defects. Under normal conditions of use and service, this protection is extended for six (6) seasons on all steel frames, five (5) seasons on garland, three (3) seasons on electrical wiring, and one (1) season on all computerized lighting modules. This warranty does not apply to light bulbs or light strands installed on décor elements. Pole Mount displays are designed to withstand up to 40 mph winds with no ice load. Obligation under this warranty is limited to repairing or replacing any part that is found to be defective.

LED light strands have a warranty for three (3) 60-day seasons or 4,500 hours, whichever comes first. Simply ship the product to us and we will replace the LED light strand free of charge.

Frame Trees are covered by a 10-year warranty against defect under normal conditions and use, excluding lights and ornamentation.

All items not specifically listed are covered by a one (1) season (60 day) warranty.

Under this warranty, the company's obligation to repair or replace is on a non-prorated basis.

Labor to install and the cost of shipping are not included in this warranty and are expressly in lieu of all other warranties expressed or implied. Bulb burnouts or electrical damage caused by the buyer or weather elements, or damage caused by rough handling in transit are not covered by this warranty. Therefore, units should be inspected and tested for bulb outage upon delivery and prior to installation. All merchandise is carefully inspected before packing and is packed in an approved manner in approved cartons when it leaves the warehouse.

For the purposes of this warranty one (1) season is defined as one installation and removal for a duration lasting no more than 60 days.

## RETURN POLICY

Merchandise returns will not be accepted without written authorization. Return requests will be accepted for credit if submitted and approved within 30 days of receipt of product. Any returned products under the following conditions will result in a 20% restocking fee and customer will incur the freight charges: customer ordered incorrect product and/or never opened or used product for its intended purpose.

## ACCEPTANCE OF MERCHANDISE

Consignee/customer is responsible to notify Dekra-Lite of all impending claim(s) of merchandise delayed, lost, or damaged in transit. When accepting shipment, consignee/customer must inspect all merchandise completely and any claims of any missing cartons or visible damage must be noted on delivery driver's bill of lading or the receipt of delivery. All claims must be filed with Dekra-Lite within 48 hours of delivery or in the case of concealed damage, within 48 hours of identifying the concealed damages. Customer/consignee is to provide required information and evidence of damage or loss according Dekra-Lite claims procedure. This may include preservation of evidence of damage/loss for future inspection. Failure to follow Dekra-Lite claims procedure may result in claim denial by the carrier.

Prices are subject to change.
